January 1, 2015

Dear Business and Property Owner/Broker/Developer/Businessperson:

On behalf of the The Township of Hanover's, Economic Advisory Committee (EDAC), I thank you for your interest in our community. Hanover is a great place to live, work, and operate a business, and the Township offers many great opportunities if you or your clients are considering relocating or expanding here.

EDAC is comprised of business leaders, township officials, and board members from within the community. Its mission is to attract responsible development and redevelopment, while supporting the growth of local businesses. Since its formation in 2010, EDAC has successfully worked with State and County agencies, Township officials and local businesses to seek incentives, identify and eliminate obstacles to development, and recommend pro-business policies. The efforts have resulted in the attraction of several significant projects, with substantial positive economic and fiscal impacts on the Township.

Our plans for 2015 include the continuing implementation of a marketing and communication strategy that will enable the Township to efficiently and effectively promote, attract, retain and, most importantly, communicate with, businesses (and residents). We will also continue to encourage the redevelopment of key properties within the Township, and promote transportation initiatives to optimize the absorption of our economic growth, helping us to maintain the suburban character of, and quality of life in, our community.

Township officials and the members of EDAC are eager to assist you and your business in succeeding in Hanover. Please feel free to contact us through our Internal Coordinator, Kelli Schanz, at 973-428-2497 or visit us at www.edac.hanovertownship.com.

We look forward to working with you and showing you that the Township of Hanover is "Open for Business" – your business.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dan Breen', with a horizontal line extending to the right.

Dan Breen
Chairman of the Economic Development Advisory Committee
